

## A1 Spring Monitoring with Prometheus Service Monitor and Grafana

### 1) Add Service Monitor

```
$ k apply -f config/spring-monitor.yml
```

- Cluster > rke > Project > APPS > Resources > Istio > Prometheus Link
- Status > Targets

### 2) Add Grafana Dashboard

- Cluster > rke > Cluster-Metrics > Grafana Link
- Login admin / admin
- Import > Import via panel json
- Copy and Paste config/spring-monitor.json

### 3) Check Dashboard
